

Introduction

The Helmut-Schmidt-Universität, Hamburg
[Name of Institution]

supports the practice of protecting human participants in research. This form provides you with important information about about taking part in this study,

Study on Workplace Decision-Making 1
[Research Study Name]

Your participation in this study is entirely voluntary, and you have the right to withdraw at any time without penalty or negative consequences. If you choose to withdraw, any data collected from you will be deleted and not included in the final analysis.

Summary

The purpose of this study is to:
[briefly explain the purpose and objectives of the study]

This study is the first phase of an important research project exploring decision-making in the workplace. Your participation will help generate essential data by engaging in a straightforward task.

In this study, we will ask you to

[describe the tasks participants will be asked to complete and any equipment they'll need]

complete a simple encoding task that takes exactly 7 minutes, which can be done from your computer.

This study will take approximately 12 minutes to complete.

Taking part in this study is a great opportunity to
[highlight any benefits or rewards participants may receive]

Taking part in this study is a great opportunity to contribute to scientific research and gain insights into how encoding tasks are performed under time constraints.

Risks

There may be some potential risks or discomforts associated with participating in this study, such as:

[address any potential risks or discomforts participants may experience, including disturbing images or content]

No known risks.

Data collection and confidentiality

During this study, we will collect certain data from you, including:

[explain what data will be collected, including any sensitive information]

Year of Birth
Gender
Education level

This data will be used to

[describe how the data will be used]

This data will be used to understand how different factors such as education, gender, and age may influence task performance and decision-making processes.

Your personal information will be kept strictly confidential, and all data will be anonymised and stored securely.

Compensation

For your time and effort, you will receive compensation in the form of

[provide details of the amount of compensation participants will receive, and any conditions required to receive it]

You receive £ 0.05 for each encoded word. In addition, you will also receive a fixed amount of £ 0.40, irrespective of the number of words encoded. The expected payoff is £ 1.40.

Contact information
